Outpatient Behavioral Health Services

Autism Center

504.896.7272

Psychologists

Koren Boggs, PhD, Corinn Johnson, PhD,
Jodi Kamps, PhD, and Sarah Miller, PhD

Developmental-Behavioral Pediatrician

Susan Fielkow, MD, FAAP

The Autism Center at Children's Hospital New Orleans provides comprehensive, evidence-based assessment and treatment for children ages 18 months to 21 years with the diagnosis of Autism Spectrum Disorder (ASD).

Dr. Fielkow provides evaluation, treatment, and medication management as indicated for children and adolescents with a wide range of neurodevelopmental and behavioral concerns such as attention deficit hyperactivity disorder (ADHD), learning disorders, mild intellectual disabilities, and developmental concerns accompanying some genetic conditions. She also provides Autism evaluations specifically for children ages 3 and under.

Referral process:

Referrals can be submitted via EPIC by selecting **LCMC Ambulatory Referral to Pediatric Behavioral Health/Psychiatry/Psychology** and selecting department **"CHNO ST Autism"** or via fax to **504.896.7273**. Please include reason for referral and provisional diagnosis.

Medical Psychology Clinic (formerly Rapid Treatment Program)

504.896.7272

Psychologists

Michelle Niemeier, PhD, MP and
Mayling Walker, PhD, MP

The Medical Psychology Clinic (MPC) offers a short-term assessment and treatment model for medication management of attention deficit hyperactivity disorder (ADHD) and new onset depression and/or anxiety. The MPC provides assessment and treatment for children and adolescents ages 5 through 17. The goal of the MPC includes efficient stabilization of symptoms with eventual release to the pediatrician or, in some instances, a psychiatrist for longer-term medication management.

Referral process:

Medical psychologists accept referrals specifically from a patient's **pediatrician or primary care physician**. These referring physicians will assume ongoing medication management responsibility for the psychiatric condition after the youth is assessed and stabilized in the Medical Psychology Clinic.

Referrals can be submitted via EPIC by selecting **LCMC Health Ambulatory Referral to Pediatric Behavioral Health/Psychiatry/Psychology** and selecting department **"CHNO ST Rapid"** or via fax to **504.896.7273**. Referrals must include the provisional diagnosis and specifically request "Evaluation/Treatment with Medication Management."

Any new referrals for medication management of ADHD should be directed to our Medical Psychology Clinic.
